ABOUT ME

Passionate and dedicated BSc Computer Science student, eager to learn about new aspects of modern-day skills and armed with a strong foundation in programming. I am seeking opportunities to utilize my skills in programming and web development. I am a great communicator among others, a quick learner and I am passionate about team work, so I believe I could fit in different environments where I can contribute my skills while learning too.

EDUCATION

Undergraduate - BSc (Hons) Computer Science **2022-Present**

University of Westminster affiliated with Informatics Institute of Technology

Student - Ananda College Colombo 10

2018-2022

G.C.E Advanced Level Physical Science (1st shy) | Results : C,C

G.C.E Advanced Level Physical Science (1st shy) | Results : A,A,B

PROJECTS

Coffee Shop Web Application **2022**

- Developed a basic website for a restaurant "Coffee shop".
- Tech Stack - HTML5, CSS3, JavaScript

Wild-Life Project **2023**

- Developed a website named "wild Life". Add animations, payment system, customer reviews and more features.
- Tech Stack - HTML5, CSS3

Cinema Management System **2023**

- Developed a travel companion app that helps independent travelers with navigation, monument scanning, dockless bike sharing, chatbot support, and more. Designed with a user-friendly interface and optimized for seamless travel experiences.
- Tech Stack - figma

Route Mate – Travel Companion App **2024**

- Developed a ticketing system for planes which helps to buy tickets, cancel them, search options and have more features. This is developed by using java programming and OOP concepts
- Tech Stack - Java

Real Time Event Ticketing System **2024**

- Tech Stack - Java, OOP , Spring Boot , Angular

- Hindsight is an AI-powered journaling application designed to support mental health by providing a secure platform for users to express their thoughts. It utilizes Large Language Models (LLMs) to analyze journal entries, detect emotional patterns, and offer personalized feedback, fostering self-awareness and resilience. The app is specifically tailored to address Sri Lanka’s mental health challenges while ensuring data privacy and security.
 - Tech Stack
 - Frontend: Flutter
 - Backend: Node.js
 - AI & NLP: Python
-

SKILLS

TECHNICAL SKILLS

Programming Languages

Java, JavaScript, Python, HTML, CSS, Dart

Frameworks

Flutter, Spring boot

Version Controllers

Git, Github

Designing Tools

Adobe Photoshop, Adobe illustrator, Canva

SOFT SKILLS

Quick Learner

Teamwork

Effective Communication

Problem Solving

INTEREST

Full Stack Development

UI / UX

Graphic Design

EXTRACURRICULAR

Junior Perfect

Ananda College | 2012

Chief organizer of Science Union

Ananda College | 2020

Member of Cricket of IIT

Informatic Information Technology | 2024

ACHIEVEMENTS

Runners-Up

NSBM Cricket Tournament | 2024

3rd place of Swimming

Ananda College | 2017

5th place of Swimming

Ananda College | 2015
